

MARGARITA

Contributed by Rosie and Rick

Of course there are many variations on the theme of this famous tequila based drink. In March 2002 we hosted an Mim function at our house in Mexico. It was also Ricks birthday so I hired a trio of musicians to serenade him! We hired a barman for the night and his Margaritas were very popular! The photo below was taken by one of his staff and made it into the MIM Exploration newsletter. It speaks for itself really!

1 1/2 ounces tequila
1/2 ounce triple sec or Cointreau
2 tablespoons lime juice
2 ice cubes

Rub the rim of the glass with lime juice, then dip the rim into coarse or kosher salt. Fill the glass with the ingredients listed above.
